

Barriers

Specifications

The range of safety barriers from Cosmic Truss are available in various designs, all of which interlock together easily and quickly. All barriers within the range are made from high grade aluminum keeping units lightweight, but ensuring their strength.

Straight Barrier

The straight barrier is the most common unit in the range and forms the backbone of most configurations. An access step from the inside of each straight barrier is built into the design of the unit.

Access Void Barrier

The access void barrier shares the same overall dimensions as the standard straight barrier. This unit incorporates a pass through hole at the bottom allowing you to run items such as power distribution cables, water hoses and other similar supply systems, so that a main barrier can continue as a single element.

STRAIGHT BARRIER

Dimensions: Length x Width X Height:

49.8 x 39.4 x 47.6 inches / 126.5 x 100 x 121 cm

Weight: 82 lbs / 37.2 kg

ACCESS VOID BARRIER

Dimensions: Length x Width X Height:

49.8 x 39.4 x 47.6 inches / 126.5 x 100 x 121 cm

Weight: 86 lbs / 39 kg

Barriers

Gated Barrier

The gated barrier measures the same size as the standard barrier, but incorporates a locking gate section allowing easy access for personnel. Once closed, the gate is secured in two positions keeping it firmly in its closed position.

Corner Barrier

The corner barrier is a flexible section which can be varied from an angle of 115 degrees and all the way to 235 degrees. The variable angle of this piece gives a huge amount of flexibility from a single unit, and negates the need for stocking multiple fixed angle corners.

Stillage Unit

All barriers fold flat and can be transported in the standard stillage units, which each store up to 10 individual barriers, and are available with or without casters.

GATED BARRIER

Dimensions: Length x Width X Height:
49.8 x 39.4 x 47.6 inches / 126.5 x 100 x 121 cm
Weight: 98 lbs / 44.6 kg

CORNER BARRIER

Dimensions: Length x Width X Height:
49.8 x 39.4 x 47.6 inches / 126.5 x 100 x 121 cm
Weight: 67 lbs / 30.4 kg

STILLAGE UNIT

Dimensions: Length x Width X Height:
54.5 x 44.5 x 47 inches / 138.4 x 113 x 119.4 cm
Weight: 68 lbs / 30.8 kg
